

ROOSEVELT WROTE  
ABOUT CANDIDACY

LETTER TO PHILADELPHIA PUBLISHER IS MADE PUBLIC.

Former President Under Date of June 27, 1911, Branded as False Statement That He Would Support Taft—Urged Friends to Seek to Prevent His Nomination.

Washington, March 4.—The Washington Star to day prints under New York date what purports to be the full text of the letter written by Col. Theodore Roosevelt saying that he would not be a candidate for the presidential nomination in 1912. The letter is addressed to E. A. Van Valkenburg, president and editor of the Philadelphia North American and reads as follows:

"June 27, 1911.

"My Dear Mr. Van Valkenburg,

"I am really much obliged to you. Now will you not give Mr. McClatchy from me a copy of this letter that I am writing to you, and also send a copy of the letter to Mr. Frank B. Noyes. McClatchy states that Mr. Noyes informed him, under the story sent out by the Associated Press, that Mr. Roosevelt had pledged himself to support Taft for a second term; that he (Mr. Noyes) had the same information from sources entirely independent from those which the Associated Press received the story.

"Mr. Noyes states that he understood that I did so express myself to a member of the cabinet and also to an insurgent senator, and says that he believes that President Taft thinks that he has assurances of support from me. Mr. Noyes adds that he explains my denial on the theory that I had explained my attitude confidentially and felt entitled to deny it when it was given publicly. Will you tell Mr. McClatchy and Mr. Noyes for me to send them copies of this letter? Mr. Noyes is absolutely and completely misinformed and that there is not one particle of truth in the statements made to him which he thus repeated to Mr. McClatchy.

"I wish Mr. Noyes, as president of the Associated Press, to know that the story was not based upon misinformation, but was a deliberate invention, made out of whole cloth, without one particle of basis beyond the imagination of the man who made it.

"I have expressed myself perfectly freely to a large number of men in this matter, always to the same effect, tell you, for instance, personally and those who with you at lunch at my house, and telling Gifford Pinchot, Jim Garfield and Representative Madison, and Billy Loeb and Secretary Meyer and Secretary Stimson, all alike, just exactly what I have said always, that I would not be a candidate in 1912 myself and that I had no intention of taking any part in the nomination for or against any candidate.

"Sincerely yours,

(Signed) "Theodore Roosevelt."

Springfield, Ill., March 4.—Charles Borchers, former mayor of Decatur, today filed his petition as a Democratic candidate for congress from the nineteenth district and will oppose Congressman William McKinley, manager of President Taft's campaign.

With the petition of George L. Hollett of Evanston, Republican candidate for representative, which was filed today, came the withdrawal of H. McElveen, also of Evanston, Republican candidate for same office from the same district, the sixth.

AMERICANS LEAVING MEXICO.

Tucson, Ariz., March 4.—Acting in accordance with President Taft's advice for all Americans in Mexico to leave that country at the first ominous sign, a car occupied by American women and children from Guadalupe and Mexican cities farther south arrived here today.

PARCELS POST  
SYSTEM PLANNED

PROVISION FOR IT IN POSTOFFICE APPROPRIATION BILL.

Would Permit Transportation of Eleven Pounds of Merchandise—Rural Route Packages to go on Graduated Scale.

Washington, March 4.—A parcels post system is provided for in the regular postoffice appropriation bill, introduced today by Representative Moon of Tennessee. The measure would apply the foreign mail carrying plan to domestic mail matter and permit the transportation of eleven pounds of merchandise.

As an experiment, local mail matter would be carried until January 30, 1914, on rural mail routes on a graduated scale ranging from five cents a pound for the first pound and two cents for each additional pound. The bill would permit postoffice employees the right of petition to congress now denied by rules of the postoffice department. The appropriation carries a total of \$259,827,749, a decrease in the department estimates of \$1,332,314. Another provision of the bill for the protection of auditor of the postoffice department that railway mail clerks require a certificate of steel and the present cars to be substituted at the rate of 20 per cent a year for five years so that by 1917 all railway mail cars shall be entirely of steel construction.

Chairman Moon's report disagrees with the report from the postoffice department that it has been self-sustaining, and finds a deficit instead of a surplus.

The report reproduces the report of the auditor of the postoffice department and says:

"These final figures from the auditor show a deficit in the department for the fiscal year 1911 of \$627,815.94 instead of a surplus of \$219,118.12."

CHILDREN TESTIFY

Tell Committee of Working Long Hours and Receiving Low Wages.

Washington, March 4.—Girls and boys, 14 and 15 year old, string mill workers from Lawrence, Mass., testified today before the house committee on rules which is considering a resolution to investigate conditions which followed attempts to send children from the strike-ridden city.

Children told of working long hours for low wages, how they had to pay the American Woolen company five cents a week for drinking water which they described as "canal water." Some of them told of seeing women beaten by police and children knocked down and hurled into wagons "like bundles of rags," at Lawrence a week ago Saturday.

Several told the committee they had often gone hungry and only got enough to eat when all members of their families were working. One witness said bread and water was often the fare at his home and this two days at a time.

Representative Victor Berger and Samuel Gompers, president of the American Federation of Labor, were again before the committee. Both made statements about the rising union conditions at Lawrence and both were cautioned against the use of personalities.

ROOSEVELT QUARTERS

Opened at Washington Monday—Taft Headquarters Gives Out Statement.

Washington, March 4.—The National Taft headquarters in Washington today gave out a statement in which attention was called to the opening of the Roosevelt national headquarters here in the Munsey building, which is owned by Frank A. Munsey, the well known publisher. Mr. Munsey, the statement says, is an intimate friend of George W. Perkins, of New York, director and formerly chairman of the finance committee of the International Harvester company, and intimates that Mr. Perkins and his associates with him are contributing freely to the activities of the Roosevelt committee.

"The enthusiasm, the statement continues, "with which the Roosevelt boomers took possession of their new quarters to day lead one of them, in an unguarded moment, to say that a letter, purporting to have been written by a head of the steel trust to its employees ordering them to work for Taft, was in the possession of the Roosevelt managers."

The statement intimates that the letter, if it exists at all, is a "frame up."

Representative William B. McKinley, director of the Taft headquarters made an optimistic statement to newsmen to day, declaring President Taft's nomination and election were certain. He estimates that Taft will have more than two-thirds of the delegates to the Chicago convention.

ENROLL ALL TEACHERS.

Chicago, March 4.—Mrs. Ella Flagg Young, superintendent of the Chicago schools, today started a movement to enroll every public school teacher in the city on the membership list of the National Education association, which is to be held here July 8 to 12. More than 250 new members were enrolled today.

STATEMENT BY  
VAN VALKENBURG

EDITOR COMMENTS ON ROOSEVELT LETTER.

Correspondence in Reference to Published Report Roosevelt Would Support Taft Culminated in Letter of June 7th.

Philadelphia, March 4.—In reference to the Roosevelt letter, E. A. Van Valkenburg, editor and publisher of the North American, made the following statement to night:

"Of course the letter was not made public by me. When Colonel Roosevelt attended the Cardinal Gibbons celebration in Baltimore last summer the Associated Press sent out an inspired statement to the effect that Colonel Roosevelt had positively pledged his support to Mr. Taft for re-nomination. As a matter of routine news we printed this dispatch, although I had personal knowledge that Colonel Roosevelt's attitude must have been misrepresented.

"Much was made by the Taft managers of the supposed endorsement, and even his denial was met by the rejoinder that his assurance had been given privately and he was merely denying it for public effect.

"This led to my correspondence with him, which culminated in the letter of June 27. It was observed that he denies the like story and asks that copies of his letter be sent to two directors of the Associated Press for their information. His purpose was that they should have an official denial on record from which they would issue a formal withdrawal of the fake story I sent copies to Mr. McClatchy requesting that he furnish one to Mr. Noyes. But no denial of the fake story ever was made by the Associated Press.

"Not only from his letter, but from conversations with Colonel Roosevelt, I know that his communication accurately and sincerely set forth his attitude at that time, for I heard him repeatedly and emphatically urging friends to drop all talk of his possible candidacy and to use every effort to discourage such talk in their own circles. Moreover, I heard him speak in the same strain and with equal emphasis to political leaders in my presence, to men who could offer not merely sentimental support, but delegates to the national convention.

"Colonel Roosevelt was not a candidate for the nomination and was opposed to all efforts to boom him. The country wide demand that has arisen for his nomination has come in spite of his far from pleasing for it he persistently discouraged all activity toward that end, and yielded only when the demand, rising in spite of his efforts to stop it became too strong to be denied."

HOLY ROLLERS IN JAIL

Members of Sect in Trouble Owing to Practicing Teachings of Their Leader.

Cedar Rapids, Ia., March 4.—The Holiness church (Holy Rollers) of this city is in trouble. Mrs. Nellie Childress and her brother, Fred True, are under arrest, charged with misconduct, and other members of the sect are in jail pending a further investigation into the state of affairs that are alleged to prevail, owing to the peculiar teachings of their leader, Brother Ferguson.

The conditions that are said to prevail are being thoroughly investigated by the police. It is alleged that the leaders' power over young girls is very strong and that he is prevailing upon them to leave home and school. He has instituted a home for women, where they go and work, one-third of their earnings going to the church and the rest of the money for the upkeep of the home.

BRYAN IN NORTHWEST.

Addressed Mass Meeting of Democrats at Spokane.

Spokane, Wash., March 4.—"We can prove by Mr. Roosevelt that Taft ought not to be nominated, and by Mr. Taft that Mr. Roosevelt ought not to be nominated," said William J. Bryan in his address to day at a mass meeting of Democrats. He said that one reason why the Democratic party is on the way to success, is because it pre-empted years ago the grounds along which the road to prosperity must run.

Discussing the political situation with Democratic leaders he said he had found that Champ Clark and Governor Wilson were favored over others among the Democrats of the nomination.

BOWLING TOURNAMENT.

Chicago, March 4.—New leaders cropped out in the individual event of the American Bowling Congress tournament to day, when Fred Hengst, of Chicago, a member of the All-Maltes team, topping the five-man division, scored 619. He displaced George Reisch of Springfield, Ill., who took the lead in the opening event yesterday.

Hengst was not the only man to make a bid for the championship, as F. W. Cherrer, also of Chicago, rolled 612 in the second following him. A third score in the select "Six Hundred Club" was rolled by Henry Walker, of Chicago, who dropped 603 pins.

YATES READY TO OPEN CAMPAIGN

Former Governor Will Make First Speech at Peoria, March 14—Expected to Cover State as Far as Possible.

Springfield, March 4.—"I will start an active campaign of the state commencing at Peoria, March 14," said Richard Yates, former governor and a candidate for the Republican nomination before the primaries, to day. "I have finished all my private business, and am now ready to make an active canvass."

"I am getting my nomination petition together and will file it either to day or tomorrow," continued the former governor.

Mr. Yates returned to the city Saturday after having been away for several weeks, filling chautauques and other speaking engagements. The last of the addresses dated far in advance was delivered last week, and to day he is devoting himself to getting his cause properly before the republican voters of the state.

"I will cover just as large a portion of the state as possible," Mr. Yates said, "and will make a number of speeches in Chicago, just how many I cannot say at this time."

Mr. Yates has a record of making forty-five to fifty towns in the last three days of a campaign, and expects to at least equal that this time.

He is spending at Peoria, March 14, five or six days, and then, every minute of which he proposes devoting to the campaign. The details of his itinerary have not yet been worked out.

When asked how he regarded the outlook so far as his candidacy is concerned he replied:

"It's getting better every day."

The former governor stopped over in Peoria last Thursday night to confer with a few of his friends in that city. He was a guest at a dinner party at the New Jefferson hotel. News of his presence spread through the hotel and the down district, and what had been intended for a conference developed into an informal reception. Mr. Yates expected to carry Peoria county in the primary.

PROVED A FIASCO.

London, March 4.—The much advertised meeting of suffragettes in parliament to night to protest against the refusal of Premier Asquith to receive a deputation, proved a fiasco. All attempts to hold a meeting were balked by elaborate police precaution. Solid phalanxes of officers prevented the suffragettes gaining access to the square.

While the militant suffragettes were vainly endeavoring to break through the cordon of police around parliament square, two hundred medical students organized a raid on the suffragettes' premises to put them back in their own column.

Front of the building was wrecked. Another band smashed windows in the international suffrage shop in Adams street.

BRIGANDAGE AND  
ANARCHY REIGN

SCENE ALONG MEXICAN BORDER ONE OF DISORDER.

Spirit of Revolution Seems to Prevalence Entire Republic—Federalists Defeated in Fight With Rebels—Casualties Were Small.

Washington, March 4.—Advice to the Washington government from points along the Mexican border as well as in the interior continue to paint a picture of brigandage and anarchy heretofore unparalleled in the province below the Rio Grande. Though unorganized the spirit of revolution, from dispatches received here seems to pervade the entire republic. In the state Chihuahua, however, bordering Texas and New Mexico, the situation is most serious.

The report of General Pascual Orozco's desertion of the Madero standard was confirmed to day by the satisfaction of government officials here.

Apprehensions now is felt for the safety of the numerous foreigners in the city of Chihuahua.

Federalists Defeated.

El Paso, Texas, March 4.—A fight between Orozco's rebels and Villa's federalists yesterday lasted only about an hour, Villa eventually retreating. The casualties were very small. A report was received over the railroad telegraph line to night that a portion of Villa's force deserted to Orozco last night.

Insurrecto Troops.

With insurrecto troops, Gallego Mexico, (via El Paso), March 4.—Colonel Emilio Campa, at the head of the 800 Vasquistas, who left Juarez yesterday afternoon, brought the three sections of his train to a halt here this morning and later exchanged messages by telegraph with Pascual Orozco, who announced that he was at the head of 600 insurgents at Chihuahua City.

Taken From Texas Soil.

Austin, Texas, March 4.—That Mexican military authorities crossed the international boundary at Brownsville, Texas, arrested Jose Garcia and Arturo Marcan on Texas soil and forcibly removed the men across the border, was reported to Governor Culbert to day by Captain J. M. Fox in charge of the detachment of Texas rangers stationed at Brownsville. Captain Fox has been instructed to report further and Governor Culbert has asked President Taft to order an investigation.

Americans Trying to Get Out.

El Paso, March 4.—One hundred and fifty Americans from the big American lumber town of Madera, Mexico, reached Pearson, Mexico this afternoon. An attempt will be made tomorrow to make a train on the Mexico Northwestern to bring them to El Paso.

ROOSEVELT BOOSTERS.

Governor Stubbs and Senator Chapp Speak at Pittsburg.

Pittsburg, March 4.—Governor Stubbs of Kansas and United States Senator Moses E. Chapp of Minnesota were speakers here to night at a Roosevelt mass meeting. Both descended from the platform to the question whether the people are in favor of self-government. Governor Stubbs declared: "If the people can have their will registered at the convention in June, Theodore Roosevelt will be nominated. The people want Roosevelt and they will elect him. And the largest vote ever given any president."

Senator Chapp predicted ignominious defeat for the Republicans if Taft if nominated, "will be defeated largely by the defection of Republicans who will not support him under any possible circumstances. It is merely a question as to whether the Republicans are willing to attend a funeral party."

There will be nothing to do if Taft is the nominee."

OKLAHOMA TRAGEDY.

Nowata, Okla., March 4.—Harvey Hurlst, his wife and Elsie Adams, who, on the night of February 3, were found dead in the burning ruins of their home, had been drugged, then covered with oil and burned, according to the testimony of Edwin Debarre, state chemist, at the preliminary trial of L. C. Harkins to day. Harkins, the sweetheart of Elsie Adams is charged with the murder.

BROKE SECRECY RECORD.

Des Moines, Iowa, March 4.—Not until to day did relatives and friends of Henry De Jannet and Nellie Bertelsen learn that the couple had been married since Jan. 14, 1907. They broke the news by telling ten friends to dinner in their new home which they had furnished secretly.

The preliminary trial of L. C. Harkins to day. Harkins, the sweetheart of Elsie Adams is charged with the murder.

GOES BACK TO WASHINGTON.

Des Moines, Ia., March 4.—Senator Albert B. Cummins left for Washington tonight after having spent several days at the bedside of his aged father, Thomas L. Cummins, who is critically ill with pneumonia. Senator Cummins' presence in Washington is necessary on account of senate business. He intends to return to Des Moines after two days' work.

Mr. Cummins' condition tonight was reported as practically unchanged and no hopes for his recovery are entertained.

DECISION GIVEN  
IN KIMMEL CASE

JURY DECIDES AGAINST CLAIMANT PUT FORWARD BY INSURANCE CO.

Are Unanimously of the Opinion That He Is Not George A. Kimmel—Many Issues, However Are Still Not Decided.

St. Louis, Mo., March 4.—The Kimmel jury decided the issue of greatest public interest in the famous identity mystery and \$25,000 insurance contest, when it reported to Judge Amidon to day its unanimous conclusion that the Kimmel claimant, an ex-convict, put forward by a life insurance company of New York, was not George A. Kimmel. But the jury stated it could not agree on the vital issue of the suit—whether George A. Kimmel was dead or alive in March, 1901, when the present suit was filed. This meant that the jury as a whole would not accept John B. Swinney's astonishing story of Kimmel's violent death in an Oregon forest while returning from a buried gold expedition. It also meant that the jurors could not decide whether, aside from Swinney's story, the evidence pointed conclusively to Kimmel's death, and thus entitled the plaintiff, the owner of a \$25,000 life policy, to collect \$25,000 of Kimmel's \$25,000 insurance from the insurance company. The jury was then sent back to its deliberations and Judge Amidon announced he would receive the verdict in the morning if an agreement was reached.

WILL BE BUSY TRIP

President Taft Has Three Engagements at Toledo and Eight at Chicago.

Washington, March 4.—Although final arrangements for President Taft's trip through northern Ohio and to Chicago have not been made, part of the program made public to day indicated that it would be one of the hardest and one of the busiest the president has taken in months. Republican leaders also believe it will be the most important.

The president will leave Washington Thursday night, reaching Toledo Friday afternoon after flying three engagements in Toledo he will leave there Friday night, arriving in Chicago early Saturday. There he has eight engagements.

Mr. Taft will spend Saturday night in Chicago, attending church Sunday morning and before leaving for Washington, late in the afternoon, he will spend the Polish and Bohemian children of that city. He is due back in Washington, late Monday.

NOT FIGHTING COURTS

Roosevelt Refuses to Claim Exemption From Jury Service—Excused Two Days.

Oyster Bay, N. Y., March 4.—"They say I'm fighting the courts," said Col. Roosevelt as he took his seat today as a juror in the county court house at Mineola. "I'll show them my obedience to the courts."

Col. Roosevelt did it by refusing to claim exemption from jury service although the law would have permitted it, and Justice Putnam offered to excuse him. All he asked was to be allowed to go his own way today and tomorrow to fulfill pressing engagements. This request the justice granted and Wednesday the former president is to go to court, to have his first experience as a juror.

The colonel spent the afternoon dictating letters. His only guest was H. E. Harris of Champaign, president of the Illinois Bankers' association. Mr. Harris comes from the district of Congressman McKinley, manager of the Taft campaign.

Colonel Roosevelt and Mr. Harris went over the Illinois situation at length tonight.

POLITICAL ACTIVITY.

Senator Introduces Resolution Aimed at President Taft.

Washington, March 4.—Senator Bristow tossed a fire brand into the senate to day when he introduced a resolution apparently aimed at President Taft, urging an inquiry to be made into the nomination of federal office holders in North Carolina had recently been withdrawn by the president to influence politicians in that state.

The inquiry also would be directed to learn if postoffice inspectors were being sent through the country as political emissaries and if postmasters were being threatened with removal if they failed to support certain candidates.

Senator Bristow read to the senate a letter from Postmaster George R. Lewis of Birmingham, Ala., which charged Postmaster Truman H. Aldrich, recently appointed at Birmingham, and other federal officers with political activity for President Taft and in opposition to Roosevelt.

Senator Bristow's resolution was referred to the committee on contingent expenses, which will consider the cost of such an inquiry.

DIED OF INJURIES.

Keokuk, Iowa, March 4.—Miss Anna B. Howells, a high school student died here to day as a result of injuries received on a runaway.

NEVER SAID HE  
WOULDN'T ACCEPT

DISTINCTION DRAWN BY COL. ROOSEVELT.

Claims Letters he Wrote Meant He Was Not a Candidate But Would Accept if Nominated—Forced by People to Say "Yes."

Oyster Bay, N. Y., March 4.—Col. Roosevelt said today that it was perfectly true that he had said he would not be a candidate in 1912.

He had made that statement to many persons, he said, but had not declared he would not accept the nomination if it were tendered to him. He drew a distinction between becoming a candidate and being willing to accept the nomination.

The colonel made it plain that he saw nothing in the Van Valkenburg letter, in which he said he would not be a candidate in 1912, to conflict with his recent statement that he would become the nominee of the party if his party asked it.

Col. Roosevelt's position in the matter is set forth in a statement which he gave out today explaining the circumstances which induced him to write to Mr. Van Valkenburg. This is the statement:

"At that time persistent efforts had been made from Washington to convince the progressives that I was really supporting Mr. Taft. On this particular occasion the statement was made with the greatest explicitness. I promptly denied the statement, and was assured on the one hand that it had been inspired from the white house and assured on the other hand that it had not been, but on the contrary was made purely on the initiative of the Associated Press."

"The Associated Press people assured me that they were not responsible for the false statement, and as it will be seen by reference to the letter itself, Mr. Noyes was quoted as having got the information from independent sources. I do not know who gave out this letter, but I am certain that it was not Mr. Van Valkenburg, for I know him to be an honorable man."

"To all who were at that time writing to me to be a candidate, I answered that I would not be. To all who asked whether I would accept if nominated, I answered 'yes,' if I knew them sufficiently well to be sure that they would understand me; otherwise I said simply that I would cross that bridge when I came to it, and in the most cases if the man was at all a close personal friend, I told him that I counted on his doing everything possible to prevent any movement looking to my nomination."

"It was not until the last three or four months that I was finally obliged to come to the conclusion that there was a real demand among the people as a whole for my nomination, which did not come in any way from any personal friends of mine and was neither inspired nor engineered by them. When I became convinced that this popular demand was real and was considerable, and when the governors of seven states, increased by this time to ten, I may mention incidentally, asked me whether I would accept if nominated, I answered 'yes.' I added an expression of my wish that wherever possible open preferential presidential primaries might be held, so as to find out who the Republican voters wished to have nominated."

"If the people do not wish me to serve, most certainly I do not wish to serve. If they do desire me to undertake in their interest a great task, I shall do so, and shall form it with whatever courage and ability I possess. Whether there will be such an expression of the popular will, I cannot say, as where there are no preferential primaries it unfortunately seems too often to be the case that the effort of the political leaders is not to give expression to the popular will but to thwart it in every way possible."

NO SPECIAL RATES.

Chicago, March 4.—Passenger traffic officials said today that there would be no special railroad rates this year to either the Republican or Democratic national convention.

It was said that an official announcement would be made in a few days. The regular convention fare of two cents a mile in each direction and summer tourist fares, which are a standard feature of summer travel, will be the only offerings made to the delegates going to either Chicago or Baltimore.

## SUPT. BLAIR HEARD IN FINE ADDRESS

HEAD OF PUBLIC INSTRUCTION SPOKE TO MINISTERS AND TEACHERS.

"Relation of Home, Church and School in Rearing of Child" Presented in Forceful Discourse, Following Excellent Banquet.

One of the most forceful and most practical addresses ever heard in this city on a subject relating to the early training of the child was delivered Monday night at Northminster church when Dr. F. G. Blair, state superintendent of public instruction, addressed the ministers and teachers of the city upon the subject "The Relation of the Home, Church and School in Furnishing Better Conditions for the Proper Rearing of Children." The meeting was held under the auspices of the Ministerial association and the teachers of the city schools with the wives of the ministers were present as guests.

The address was given following an excellent banquet served by the ladies of Northminster church. Dr. F. A. McCarthy, president of the association, acted as chairman of the evening and called upon Rev. C. G. Snow to pronounce the invocation. In introducing Dr. Blair, the chairman spoke of the great pleasure felt by the company in knowing that they were to hear an address by a man, whose heart was in his subject and who was to present a theme of vast importance.

Preached Philosophy of Hope. Dr. Blair strongly emphasized and made clear the important part performed by parent, minister and

## Building for Permanency

Everybody likes to build, but nobody likes "repair jobs." They inevitably represent an additional investment without any addition to value. That point is worth digesting.

When you build, whatever you build, you like to build "for keeps."

Some people change their minds about styles in building; the same as wearables; our tastes develop and result in changes in our wants, but nobody changes his or her mind as to wishing to get the greatest possible endurance

or wear out of the things they buy, and especially is this true of building investments.

Those who build for time have a care in the selection of lumber. We had this in mind in buying our extensive lumber stock and we would be pleased with a chance to give you a figure on whatever lumber bill you may have in mind. The prices named will be satisfactory and the **lumber qualities** will more than meet your expectations.

teacher in forming the character of the child. He propounded a philosophy of hope and joy as a substitute for the old time gospel of despair, believing that in every boy no matter how bad he appears there is a spark of goodness, which if sought with discretion, can be brought out and developed. Dr. Blair also dealt at length upon hereditary influences and upon environment. Every point presented was made clear by the use of illustrations and to comprehend the real value of the address, to catch the spirit which it instilled and to grasp the fundamental truths so ably presented, one had to be a listener. A few thoughts, however, are given from this splendid discourse.

"Every child is an heir to all the best and the worst things that his parents and ancestors have thought and achieved. As some one said 'A child's education should be begun 200 years before he is born.' I do not believe in a fatalistic heredity in the child, however. If I did, I'd be false to my teaching. The most helpless thing in the world is the human infant. If not ministered to it will perish. Did you ever stop to think what a blessing it is to humanity that the child is so created? With the birth of the child, there begins to grow the father's and mother's love, without which the world would soon grow cold and dead. The bringing of the little fellow into the world has done more to soften hearts and to establish the philosophy of human helpfulness than any one thing in the world. The coming of the helpless child is the greatest thing for the home and its a great thing for us as teachers and preachers. I wonder if we who are parents take sufficient time to think what the child means to us and what we would have been without him. There is great reactionary good that comes to us in caring for the child and in training him along right lines. I am coming to realize what the apostle Paul meant when he said 'I am indebted both to the Greek and the barbarian.' Every time he lifted up a fallen brother and started him in the Christian way he lifted himself up and he realized it. What we do for others, we do for ourselves.

Teachers Have Great Calling. "So we as teachers have a great calling and we as the parents are also to receive the reactionary benefits. In every child there is the so-called cage of wild animals, which are trying to break out and occasionally burst from their iron bonds. I do not consider a boy lost if he lies or even if he steals. There ought to be a philosophy of hope and joy instead of a gospel of despair. There is good in the heart of every boy and girl and if properly sought it can be brought out.

"In considering the outside forces that enter in the training of a child, I speak of the home as the most important. The richest home in the world is one with a good father and mother. The righteous influences here sent out sink deep into the soul of the child. There seems to be a tendency now when boys and girls go wrong to throw the blame upon the public schools. While the system, we admit, is frail and is unsatisfactory even to us who would stand by it, yet there is one place we must consider and that is the home. The school and the church cannot do that which the home has neglected.

"From the home you lead your boy into the Sunday school, where he is taught the unsearchable riches of the word of God. Here another great influence is woven about him. Then to the school where ninety-nine per cent of the influence is with the teacher. She should be a woman of the highest ideals, not with books on her shelf but in her head, and with a course of study of right heart and mind.

Must Be United Effort. "Parents, teachers, ministers, all have a great part in the solution of this problem, and I ask of you not to live as separate bodies but to meet and work together in the interests of your boys and girls. The improvement of society and the salvation of the child can be brought about through the united concerted efforts of the home, the church and the school."

Dr. R. O. Post pronounced the benediction and at the close of the meeting many lingered to grasp the hand of Dr. Blair and express their appreciation of his excellent address.

#### IN JUSTICE COURTS.

John Sallee was fined \$5 and costs Monday in Squire Coons' court on the charge of conducting himself in a threatening and disorderly manner towards Richard Caldwell. Sallee and a colored woman are said to have gone into Thomas Govan's lunch stand on North West street, while Caldwell was there and the woman asked Caldwell to give her change for a dollar, which he did. Sallee and his companion left the stand but just outside became engaged in a dispute relative to whom the dollar belonged to. Sallee then is said to have gone back to the lunch room and threatened Caldwell, compelling him to give up the dollar for which he had given change. Caldwell at once swore out a warrant and the arrest followed.

Leonard Hale, who has been confined in the county jail on the charge of burglary and larceny at McCarthy's Gelert shops, was released Monday on bond, August Graubner being surety.

#### PREACHED TO PARENTS.

Rev. W. L. Dorgan Delivered Splendid Sermon Sunday.

The sermon at the First Baptist church Sunday morning was directed especially to parents and those who heard it are only wishing that hundreds more were present to grasp the splendid truths presented. Rev. Mr. Dorgan preached from the text, Hebrews 11:7, in which verse St. Paul refers to the faith of Noah. The pastor paid a brief tribute to Noah as a character, speaking of his exercise of faith and the fruits of his faith, being permitted to take all his family into the ark with him. From this he branched into the subject of religion in the home, pointing out the importance of home training and influence. He made special pleas for two things—Christian parenthood and the family altar.

#### ACCIDENTALLY KILLED.

Springfield, March 4.—Simon Burge, aged 25 years, accidentally shot and killed his brother, Arnpur Burge, aged 23 years, at 1:15 o'clock this afternoon at their home near Shelbytown. The accident occurred while the older brother was demonstrating to his relative some new tricks with a 38-calibre revolver. It is said he had thrown the gun in the air and catching it, the weapon was discharged. The bullet entered the brother's head just behind the right ear, killing him instantly.

Miss Nina and Dean Obermeyer expect to spend to day with friends in Springfield.

Board of Education Held Regular Session Monday Night--Reports of Officers.

The board of education met Monday evening in regular session with all members present. Mayor George W. Davis in the chair. The minutes of the last regular meeting were read and approved. All claims duly approved were ordered paid.

Superintendent Furr gave an interesting talk on some phases of the meeting of educators at St. Louis. He told something of discussions regarding courses of study and told especially of the suggestion that more of the school buildings of the land become the center of community interest and gatherings where patrons and public may meet and talk over the vital subjects of the day.

There is more or less annoyance caused by the late date and hour at which bills are presented and Member Badger moved that hereafter all bills not presented before the Saturday evening before the regular meeting of the board lie over till next meeting. Carried. The mayor said there was also much inconvenience caused by the dilatoriness of people in regard to calling for warrants after they were issued. Member Clamit said it would be a good idea to cancel warrants left long at the office. Member Baynington said he had called attention of some creditors to the fact that they had neglected to call for their warrants and they had replied in a cavalier manner.

It was decided that all warrants remaining in the office longer than a month be cancelled.

Adjourned.

Use Samose, Say Druggists, Coover & Shreve and Put on Good Flesh.

The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health.

Athletics, when carried to an extreme often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. Samose has been so successful in making thin people fat and restoring the weak and run down to strength and health that Coover & Shreve, the popular druggists, sell it under their personal guarantee to refund the money if it does not benefit.

Four pairs of boys' stockings \$1 and guaranteed to wear 4 months at T. M. Tomlinson's.

If your children are subject to attacks of croup, watch for the first symptom, hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be ward off. For sale by all dealers.

**WAKE UP WITH A "DARK BROWN TASTE?"**

Get Rid of It! Run for OLIVE TABLETS

There isn't the slightest need to wake up any morning with a "brown mouth." Ugh! No need to describe it.

Dr. Edwards has made "brown mouth" a thing of the past in thousands of homes with his little Olive Tablets, the substitute for calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver and bowels, never has "a dark brown taste," a bad breath, a pimply face, constipation or any other form of bowel or liver disorder.

Take one just the moment you suspect you are constipated or that your liver is out of order.

Thousands take one at bedtime every night just to keep the bowels regular, the liver in order, the mouth clean and the breath pure and sweet.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent 17 years in practice and in laboratory experiments before he perfected Olive Tablets.

Why don't you try them instead of the severe kind of laxatives that gripe and only effect temporary relief?

Every little Olive Tablet has a movement all its own.

10c and 25c per box.

## CHICAGO UNIVERSITY

President Judson Has Novel Plan for Reorganization of Institution.

Chicago, March 4.—President Harry Pratt Judson of the University of Chicago, in his annual report issued to day, announced novel plans for the reorganization of that institution, which he said would place men in business two years earlier than at present. President Judson says the university's registration only twenty years after its foundation, has reached the record breaking figure of 6,466 students regardless of continuous stiffening of scholastic requirements.

President Judson outlines two radical innovations in the scheme of the institution. These are: First—Furnishing college education to students at the age of 18, by cutting two years from the elementary school, one year from the high school course and inserting a junior college course of three years. Second—Extending opportunities for college education to thousands of Chicago young men and women, now forced to forego such training, by means of the foundation of new schools and reorganizing existing courses.

Above the college, according to the report, would be the university which would offer an undergraduate course of two years, and postgraduate courses of two or more years. This would give the students the bachelors' degree at the age of 20, and if he desired to specialize in one or another of the professions, he could complete his work in from three to five years more, so that he could be engaged in the actual practice of his profession at the age of 25. To fill out the details of President Judson's plan a number of Chicago's wealthy men will be asked to perpetuate their names in the foundation of new schools and the donation of new buildings.

Don't forget Geo. H. Middleton sale today.

**ENTER A PROTEST.**  
Washington, March 4.—The best sugar producers of the country today entered a protest with the ways and means committee of the house against the free sugar bill, claiming its adoption would destroy their business and at the same time be a complete victory for the big eastern refiners who would have a practical monopoly under it.

**MAY USE AUTOS.**  
Springfield, March 4.—Directors of the Illinois Farmers' Institute at their annual session here to move are expected to take up the question of carrying information in the interest of agriculture in Illinois by means of automobile trucks from farm to farm. ## WOODSON REVIVAL

Large Gatherings at Initial Services of Christian Church—Rev. Charles Hougham, the Evangelist.

The evangelistic services at the Christian Church in Woodson began Sunday under the leadership of Evangelist Charles D. Hougham and Monday night every seat in the church was filled. If the initial services are a criterion of the meetings, a great revival is in store for the people of that denomination.

Rev. Mr. Hougham, is the district evangelist of the Christian church. This is known as the fifth district and there are fifteen counties under his jurisdiction. The people are rejoicing because they are to enjoy the privilege of having him as their leader. He is a fearless minister and a thorough student of the Bible and delivers his sermons in a way which brings conviction to the heart.

He preached both Sunday morning and evening, his text in the evening being "For God so loved the world that He gave his only begotten son, that whosoever believeth on him should not perish, but have everlasting life." His subject Monday night was "Passion for Souls," and a most excellent sermon was delivered. To night the subject will be "Pilate's Question."

Miss Taylor Choir Leader. One of the special features of the meeting is the chorus choir, which now is composed of thirty-five voices and more will be added as the meetings progress. Miss Alice Taylor of Springfield will be the chorister. Already she has demonstrated her ability as a choir leader. Sunday night she sang as a solo "Going through the Land," and to night she will sing "What Must I Do With Jesus."

PLAYED WITH U. OF I. BAND. Wilbur Jeffries has just returned from Champaign, where he has been assisting the University of Illinois band. The organization is composed of 65 men and they have recently given concerts in Decatur, Bloomington, Peoria and Champaign. Mr. Jeffries plays the bassoon, an instrument very few play and one difficult to master.

Attorney S. P. Watson of Springfield was a visitor in Jacksonville yesterday.

## GREAT DAY AT NORTHMINSTER

Services Sunday Were Largely Attended and Splendid Sermons Were Delivered by Rev. W. E. Spoonst—Family Service Tonight.

The family service tonight and the reception of new members on Wednesday night will mark the close of the great evangelistic campaign, which has been conducted by Rev. Walter E. Spoonst for the past three weeks at Northminster church. Everybody is invited to the church tonight, whether members or not, and all are requested to attend by families as nearly as possible. About seventy-five will be received into church fellowship on Wednesday night.

Sunday morning Rev. W. E. Spoonst preached on "The Measure of Righteousness," it being a most forceful discourse. The quartet sang two numbers, "Praise God" and "Shall You Shall I," and Dr. C. B. Magill and Luther Smith sang as a duet, "I Heard the Voice." In the evening the church could hardly contain the vast number of people. By request the chorus at this service sang "I Love Him" and the children's chorus gave "The Church in the Vale." The quartet sang "Gallilee." The sermon was "Almost Persuaded" and dealt with the reasons why people rejected the Christ and how by so doing they drove themselves still farther from the Kingdom. At the conclusion of the powerful sermon the quartet sang very effectively "Almost Persuaded."

Just think, Tomlinson sold a boy's stocking that you don't have to darn.

## LEAP YEAR SOCIAL.

Given at Woodson Under Auspices of Court of Honor.

Over forty young people were present at the Leap Year Social, given Monday evening at Woodson, under the auspices of the Court of Honor. Because of the nature of the carnival the young ladies were requested to go after the young men and escort them home, which they did in a spirited manner.

Various games and contests afforded the evening's entertainment. The crowd was divided into college groups, representing five colleges and the following events were pulled off: 30-inch dash, standing broad jump, hammer throw, shot put. In the advertisement contest Mrs. J. W. Wright proved an easy winner, receiving a box of stationery and the consolation prize went to Carl Rousey, the gift, "A Crazy Indian." There was also an "initial game," which afforded no little amusement. Miss Mildred Wright favored the crowd with several piano selections and all engaged in singing some familiar songs.

Preceding the entertainment the court went through its regular business session. Substantial refreshments were served and the committee in charge of the evening was Misses Nellie Cuddy, Ethel Sooy, Ruth Thompson, Sarah Jones and Harry Gunn.

## ROBBER IDENTIFIED.

Council Bluffs, Iowa, March 4.—C. E. Briggs, a newspaper man of this city, to day partially identified Dwight Day, the young man arrested in Aurora, Colo., while trying to rob a bank, as his brother, his full name being Dwight Day Briggs. A telegram from the Denver police to day stated the young man has admitted his name is Briggs. C. E. Briggs says that his brother left here one week ago for the west, but that nothing had been heard from him. The parents of the two brothers are said to be highly connected. C. E. Briggs refused to say where the parents of the two men reside.

## DEATHS AND FUNERALS

## Harris.

The remains of Miss Lizzie Harris arrived in the city Sunday from Chicago and were taken to Williamson & Cody's undertaking establishment. Burial was made in the Jacksonville cemetery. She was the daughter of Mr. and Mrs. Sidney Harris, who formerly resided here, and was 14 years of age. Death occurred in Chicago Feb. 29.

## Chambers.

The funeral of the late R. H. Chambers was held Sunday afternoon at 2 o'clock at State Street Presbyterian church, where a large number of the friends of deceased and of his family gathered.

Rev. Howard B. French, pastor of the church, read suitable passages from the scriptures and then Dr. A. B. Morey, who had been the pastor of the deceased for a great many years, spoke. Dr. Morey referred in a very fitting way to Mr. Chambers' life and character. He said that when a man died that the question was naturally asked, "What kind of a man was he?" Then Dr. Morey told what kind of a man Mr. Chambers was during the long period of years that he had known him intimately. The minister said that Mr. Chambers had high ideals of Christian living and that he made a strenuous effort to approach those ideals. He was a great student of the Bible, a man constant and earnest in prayer and Dr. Morey said that he had been a source of inspiration to him through many years of their friendship. To have the ideas of honor and integrity that Mr. Chambers had, leads certainly to Christian living.

Mrs. Percy Jenkinson, Miss Miller, Messrs. Percy Jenkinson and William Phillips sang a selection at the beginning of the service and another following Dr. Morey's remarks and after a prayer the cortege moved from the church to Diamond Grove cemetery, where interment was made. The many beautiful flowers were in charge of Mrs. G. L. Merrill and Miss Margaret Hyman. The bearers were members of the session of the church, Mr. Chambers having been an elder of the church for a great many years: Joseph Cridland, Dr. C. C. Cochran, Julius G. Strawn, T. M. Tomlinson, William Floreth, W. S. Badger and J. W. Brown. The honorary bearers were Dr. J. C. Widenham and Henry Stricker.

Gilman and the many beautiful flowers were kindly cared for by Mrs. August Waltman, Mrs. Roy Ticknor and Mrs. Emory Carter.

## A New Coat for Young Women Has the Fashionable Draped Revers

It is made of sturdy serge, mannish or wale diagonal, and has a trimming of two-toned striped serge on the imitation collar, the draped revers and the deep cuffs. It has the stylish wide, straight sleeves, set into a moderately deep armhole and the armhole is piped with striped serge, an unmistakable stamp of style newness. The lines of this coat are admirable and it boasts the staunchly good workshop of Worth tailoring that means the preservation of its beauty under stress of long wear.

\$16.50

A noteworthy model of blue whiplash serge has the draped revers and wide cuffs of black and red Pekin striped worsted. To relieve the plainness of the back, a rounded fan of the whiplash and worsted appears on each side of the back panel. \$18.75

A miscellaneous group of high grade mixtures in grays and browns, in single and double tones make use of the draped revers. They join the small flat collars with a break at the shoulders. Nearly all these coats have set-in sleeves with large armholes and wide cuffs. Outside of these features, however, the variety is as great in shapes of back and trimming ideas as it is in color.

We cannot go into detail, come in and see the coats, \$12.50, \$15.00, \$17.50, \$20.00 and \$25.00

## REVIVAL CLOSURES

Special Services at Brooklyn Will End Wednesday Night—Sunday Was Memorable Day For South Side.

The last meeting of the Brooklyn revival has been held with the exception of the service on Wednesday night. There were three great services Sunday and three great sermons with plenty of good music. In the morning Mrs. J. Bart Johnson sang with beautiful effect, "Come Unto Me." Rev. Mr. Alkire preached on "The Christian's Golden Rule." In the afternoon he delivered a sermon, which was noted for its originality in thought and arrangement and left a deep impression upon the fine gathering of men present, the subject being "Clocks." At night the pastor preached a soul stirring and heart searching sermon on "A Tragedy of Two Worlds," basing his course upon the story of the rich man and Lazarus. Mrs. A. M. Roberts pleased and inspired the audience with two vocal numbers, "The Prodigal" and "The Old House at Home." Four went forward at this meeting.

During the day fifteen persons were received into church fellowship and it is expected that others will become members at the Wednesday night service.

**SCOTT'S THEATRE.**

## CULT LEADER ARRESTED.

Accused of Violating Interstate Commerce Law.

Chicago, March 4.—Doctor Ottoman Zar Adinshi-Hanish, head of the Mazdaznan Sun worship cult, was taken into custody today by United States authorities in a raid on the Mazdaznan Temple here. The accusation against the cult leader was sending improper literature by express, which is prohibited by the interstate commerce law.

The matter objected to by the federal authorities is said to have been contained in Hanish's book outlining the basis of the religion taught by Hanish. Twelve of the Mazdaznan disciples were served with subpoenas and it is understood will be required to tell their stories to the federal grand jury.

## REFERENDUM IS UNDER ATTACK.

Alleged Abuses of Oregon Law Will Be Pointed Out.

Eugene, Ore., March 4.—Alleged abuses of the popular rule which the referendum will be pointed out this week when the suit of the University of Oregon against the secretary of state is argued in the state supreme court at Salem. The 1911 session of the legislature appropriated \$500,000 to the University of Oregon, which is located here, but before the law became operative, a referendum petition filed by one H. J. Parkinson was presented to the secretary of state and secured, saying up the appropriation until 1912, when the people would be given an opportunity to vote on the question. Cursory examination of the petitions showed evidence of fraud, so suit was brought by a regent of the university to prevent the secretary of state putting the referendum question on the ballot. Attack was made on the petition on the ground that large numbers of the names were forged and that various technicalities of the law had not been complied with.

As the trial progressed, Parkinson was forced to admit that he knew some of the work of his agents was fraudulent, but contended for the secretary of state, contended that, eliminating the fraudulent names, there would yet be enough to make good the calling of the referendum. The state objected that the plaintiff in the case had no right to bring such suit, and that he had not followed the prescribed forms.

Attorneys for the state university on the other hand maintain the right of any legal voter to bring such a suit, and furthermore they make the main contention that fraud in the part of the petition invalidates the whole, especially where the fraud is so extensive and is so well known before the filing of the petitions.

The case has aroused much interest in Oregon, which state was the first to adopt the initiative and referendum, and various means of safeguarding the principle are being discussed by friends of the law, for they fear that if frauds are allowed to get by, worse frauds will be perpetrated and the whole system brought into disrepute.

## GAVE OUT LETTER

More Evidence of Roosevelt's Refusal to Become Candidate for President.

Washington, March 4.—The national fair headquarters today made public the complete letter written by Mr. Roosevelt, Aug. 18, 1911, to A. P. Moore, publisher of the Pittsburg Leader, asking him to cease advocating the nomination of Mr. Roosevelt. The letter follows:

"Dear Mr. Moore: I greatly appreciate your kind and friendly feelings, but I am sure you will understand me when I say that I must ask not only you, but every friend I have, to see to it that no movement whatever is made to bring me forward for the nomination in 1912.

"I feel that I have a right to ask all my friends, if necessary, actively to work to prevent any such movement. I should esteem it a genuine calamity if such a movement were undertaken.

"Again thanking you for what you have said, and, moreover, thanking you in advance for following my wishes in this matter, as I know you will do, I am,

"Very sincerely,

"Theodore Roosevelt."

## THE PROPER COURSE.

Information of Priceless Value to Every Jacksonville Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement will add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statements of nearby residents who have been permanently cured?

J. A. Ray, of Virginia, Ill., says: "I suffered from backache for a year or more. It started with a dull, tired feeling in my loins, that finally developed into a constant ache. The kidney secretions passed irregularly and showed that my kidneys were not doing their work properly. Doan's Kidney Pills had been used in our family with good results and deciding to try them, I obtained a supply at Hubbard's Drug Store. Their use brought relief at once and the contents of two boxes cured me. At that time I told of my experience in a public statement and I am now pleased to say that I have had no recurrence of my former trouble.

### INJUNCTION SUIT OF LEN SMALL

Question of Jurisdiction Will Be Decided by Judge Owen P. Thompson This Morning.

Springfield, March 4.—The petition of Len Small, candidate for the Republican nomination for governor for an injunction to restrain Secretary of State Rose from certifying to the county clerk the name of any other candidate than that of Small at the head of the list of candidates for governor on the Republican primary ballot, was presented before Judge Owen P. Thompson of Jacksonville in the Sangamon circuit court this morning by Attorney Roy M. Seeley of this city and Charles Lederer of Chicago.

Assistant Attorneys General T. C. Dempsey and Charles A. Woodward represented the secretary of state. Judge Dempsey said the secretary of state would contend that the circuit court of Sangamon county had no jurisdiction in a chancery proceeding case such as this case, which was a purely political proceeding.

Judge Thompson announced that he would hear arguments on the question of jurisdiction at 9:30 o'clock to-morrow morning.

It is the contention of the attorney general that the proceedings should be in the nature of mandamus and not injunction proceedings.

### FAVORITE CHILDREN.

Army and Navy So Called by Representative Mann. The army and navy are the favorite children of the government. Like all favorite children they are spoiled children. They ask congress for everything they think then want, and they generally get it. The committees of congress are under the spell of the army and navy.

Representative Mann of Illinois, Republican leader of the house, made this statement to day opposing the Taft bill which gives to midshipmen the rank of ensign in the navy immediately upon their graduation from Annapolis. The ensign bill has been pending for many years and it is alleged that Mr. Mann's opposition to it only takes five votes against it.

On cross-examination, the witness said he also obtained figures on the Swift company's 4 or 5 Schweitzer's and Schlager's company. He said it was customary for the representatives of the big packers in New York, Boston and other eastern cities to exchange information in regard to each other's business. Barry said that at times the representatives gave out incorrect figures for the purpose of deceiving competitors.

Chelalis, Wash., March 4.—Adelbert Clark, the young desperado who shot and killed Lawrence C. the banker of Centralia, in a day light attempt to rob the bank last December, was arraigned in the Lewis county circuit court here to day to stand trial on a charge of first degree murder.

### PLEASANTLY ENTERTAINED.

Sunday Mr. and Mrs. L. M. Shirliff of Lyndville precinct most delightfully entertained Doctor Haskell, John Gibbs and daughter, Miss Alma and F. R. Watson, wife and family. The hours were spent in a very pleasant manner and a superb dinner was served the happy guests. All knew Mrs. Shirliff's great art as a cook and will easily imagine how fine the dinner was. The entire day was spent by the guests in a pleasant manner and they left with many compliments for their attentive host and hostess.

### NOVEL MASSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion. The most delicate skin pill quickly respond to the soothing and tonic effects of Hokara and when this pure skin food is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequalled removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off. Hokara is the only massage cream that is an antiseptic, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back" yet the price is a trifle, only 25c for a liberal jar, larger size 50c.

Sold on a guarantee by Armstrong's Drug Store.

## S.S.S. CURES CHRONIC ULCERS

Any chronic ulcer shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it, of unwholesome matter from the circulation. No treatment can have any curative effect except a medicine which will renovate the blood and entirely remove the cause. Salves, washes, lotions, etc., are sometimes helpful in reducing inflammation, cleansing the ulcer, or perhaps lessening the discharge, but such applications do not reach the blood where the disease germs are located and can never effect a cure. S. S. S. goes down into the circulation, drives out all impurities and morbid matter, and by nourishing the flesh with rich pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but by beginning at the bottom and rebuilding broken-down tissue and supplying healthful, healing qualities to the blood, causes the place to fill up with new, firm flesh, while it steadily but surely effects a permanent cure. The ulcer can not exist when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

**Grain Letter.**  
Chicago, March 4.—Wheat—Receiving sales checked the advance tendency. Shorts ended up Saturday and new buying from outside investors was not heavy. Scattered shorts furnished the best support. Statistics have rather a bearish look. World's shipments and increase on passage larger than expected. The inside supply decreased less than half a million. At the present rate of decrease there is every prospect of a big carry over at terminal markets at the end of the crop year. The various private reports on the farm reserves are still the chief bullish influence. Traders generally are looking for bullish government figures and basing their belief in higher prices on the same. Should the private reports be fairly well substantiated, higher prices are probable. In any event July wheat is comparatively cheap and we feel that purchases on spot will be profitable.

Corn—Very large trade. Related shorts were free buyers and profit taking by commission houses was general and heavy. Prices held well considering the volume of selling. Receipts at terminal markets were not large as the movement is still restricted by poor railroad service. Country shippers continue to complain of car scarcity. The cash demand is not keeping pace with the future advance. Prices will depend largely on the government's confirmation of the comparatively light farm reserves estimated by private reports. Corn prices are high and it will take continued bull news and bull conditions to maintain them.

Oats—Comparatively narrow trade. Realizing sales were the chief feature. The market shows a good undertone. Light receipts and the well maintained cash values make futures look cheap. Oats are being withdrawn from vessels, as current arrivals are not large enough to meet demand. Provisions—Showed strength early on buying by packers. Scattered profit taking by floor traders and commission houses checked the advance. We are still believers in provisions and feel that purchases on spot, if well protected, will be profitable.
